# Matrix+Paging

The Matrix Plus System takes our Matrix Paging System to the next level. Notifying your guests has never been easier and reliable. The Matrix Plus uses an HD OLED display with vibrant easy to see color display.

Matrix Plus gives you the option to make the most personalized Alpha-Numeric Pager in the market. We have incorporated new technology to make paging from one location or multiple locations a breeze.

Now with more ways to send messages than ever. You can install pre-set messages into the transmitter for an easy push to page approach. If custom messages are necessary the Matrix easily integrates with your PC to send custom messages directly from your keyboard.

**USER REPLACEABLE BATTERIES.**  
Simple to swap out for new battery. **(2) AAA** rechargeable battery.

**MULTIPLE ALERTS.**  
Stronger Vibrations, light or sound that will be sure to get the attention of the customer.

**EXTRA-LONG RANGE.**  
Can be reached with a potent transmitter to penetrate walls and allow great coverage, more than **1 MILE**.

**ALPHA NUMERIC MESSAGES**  
The Matrix Plus can handle up to 4 alpha numeric lines. With more than 64 characters available.
